**SOUTH CAROLINA PUBLIC LIBRARY**

**ANNUAL STATISTICAL SUMMARY**

**FY 97**

SOUTH CAROLINA  
**STATE  
LIBRARY**

1998

## **MEMORANDUM**

TO: County and Regional Libraries & Trustees  
FROM: James B. Johnson, Jr., Director  
SUBJECT: Public Library Annual Statistical Summary, FY 97  
DATE: April 1998

### **Output Measures for Public Libraries**

**Pages 2-10**

Circulation Per Capita, In-Library Material Use Per Capita, Library Visits Per Capita, Program Attendance Per Capita, Reference Transactions Per Capita, Registration Per Capita, Turnover Rate.

### **Green Pages**

**Pages 11-22**

Listing and Ranking of public libraries by Population, Circulation, Public Service Hours, FTE Staff, Total Volumes, Volumes Added, Volumes Withdrawn, Total Operating Income, Local Tax Operating Income, and Local Income as Percentage of Total Operating Income. Borders have been placed around the ranked data.

### **Buff Pages**

**Pages 23-34**

Listing and Ranking of public libraries according to a variety of per capita and percentage statistics including circulation, FTE staff, public service hours per FTE, volumes, personnel expenditure, materials expenditure, electronic expenditure, operating income, and local income. Borders have been placed around the ranked data.

### **Blue Pages**

**Pages 35-48**

Listing and Ranking of public library registration, circulation, turnover rate, in-library use, reference and library visits. Borders have been placed around the ranked data.

### **Yellow Pages**

**Pages 49-50**

Listing and Ranking of public library Juvenile Registration and Circulation, Summer Reading Program. Borders have been placed around the ranked data.

### **Pink Pages**

**Pages 51-52**

Listing of program attendance by age and total program attendance per capita.

This data is provided to assist in local library planning and evaluation. If you have any questions about the data presented, contact your Public Library Consultant.

State sums or averages and medians are included where applicable. Where more than one library is ranked equally on a given factor, each receives the same rank.

Primary information, as submitted in the FY 97 annual statistical report, is used in all computations. Annual computations were based on 50 weeks of service rather than 52 in order to reflect holidays and other closings. Beginning with the FY 93 data, FTE computations are based on a 40 hour work week.

## **Output Measures for Public Libraries**

The challenge facing South Carolina public libraries is to achieve excellence in a rapidly changing environment. The collection, analysis, and organization of objective, quantitative data is an effective method to use for evaluating current public library services and for planning services to meet the future needs of library users.

There are several publications available to assist libraries with planning, measurement, and evaluation.

**PLANNING FOR RESULTS, A PUBLIC LIBRARY TRANSFORMATION PROCESS.** This is the new 2-volume publication from the Public Library Association.

**PLANNING AND ROLE SETTING FOR PUBLIC LIBRARIES.**

**OUTPUT MEASURES FOR PUBLIC LIBRARIES**, second editi

**OUTPUT MEASURES FOR PUBLIC LIBRARY SERVICE TO CHILDREN** by Virginia A. Walter.

Output Measures included in the FY 97 Annual Statistical Summary are:

### **Library Use Measures**

**Annual library visits per capita** - the average number of library visits during the year per person in the area served

**Registration as a percentage of population** - the proportion of the people in the area served who are currently registered as library users

### **Materials Use Measures**

**Circulation per capita** - the annual circulation outside the library of materials of all types per person in the area served

**In-library materials use per capita** - the annual number of materials of all types used within the library per person in the area served

**Turnover rate** - the average annual circulation per physical item in the library collection

### **Reference Services Measures**

**Reference transactions per capita** - the annual number of reference questions asked per person in the area served

**Program attendance per capita** - the annual number of people attending programs per person in the area served

The following recommended output measures were not reported by South Carolina libraries and are therefore not available in the FY 97 Annual Statistical Summary:

### **Materials Access Measures**

**Title fill rate** - the proportion of specific titles sought that were found during the user's visit

**Subject and author fill rate** - the proportion of searches for materials on a subject or by an author that were found during the user's visit

**Browsers' fill rate** - the proportion of users who were browsing, rather than looking for something specific, who found something useful

**Document delivery** - the time that a user waits for materials not immediately available

### **Reference Service Measures**

**Reference completion rate** - the staff's estimate of the proportion of reference questions asked that were completed on the day they were asked

As librarians and trustees use these measures, a number of points should be kept in mind:

Libraries, even in communities of similar size, have varying funding patterns and community expectations for service, therefore the data should be analyzed in terms of the library's mission, goals, and objectives.

There are no "right" or "wrong" scores for output measures. One performance measure alone cannot tell a complete story. Output measure scores should be interpreted in context with each other and with the library's overall service program and budget.

Changing a library's output measure scores are usually not done overnight. Changes usually require work over an extended period of time.

All population figures used in computing the output measures were based on the 1990 census.

## CIRCULATION PER CAPITA

**Circulation Per Capita** represents the use of library materials outside the library. It relates the number of items a library circulates to the population of the community served. It can be thought of as representing the average number of items checked out in a year by a member of the community. **Circulation Per Capita** is calculated by dividing the library's total annual circulation by the community population.

### FACTORS THAT INFLUENCE THIS MEASURE:

- + Library circulation or acquisitions policies, loan period, fines
- + Special programs - prizes, reading programs, etc.
- + Community awareness of library services
- + Library hours of service
- + Number of library users
- + Age, condition and breadth of the library's collection
- + Physical arrangement and convenience of the library facility

### INTERPRETATION AND USE:

**Circulation Per Capita** is one measure of the community's use of the library. A high score on this measure indicates heavy use of the library's circulation materials. A low score may indicate several things: For example, (1) the library's collection may not meet the community needs or interests; (2) community residents may be unaware of the library's resources; or (3) the library may have an extensive collection of non-circulating materials.

### RELATES TO THE FOLLOWING BASIC SERVICE ROLES:

Popular Materials Library  
Preschooler's Door to Learning

## CIRCULATION PER CAPITA

	FY 94	FY 95	FY 96	FY 97
High	9.61	9.55	10.03	10.71
3rd Quartile	4.19	4.26	4.32	4.39
Median	3.15	3.03	3.21	3.26
1st Quartile	2.46	2.46	2.49	2.64
Low	0.84	0.74	0.77	0.73
SC Average	4.47	4.48	4.62	4.82
National Average (1)	6.40	6.40		

(1) Data is from Public Libraries in the U.S. National Center for Education Statistics, U.S. Department of Education.

## **IN-LIBRARY MATERIAL USE PER CAPITA**

**In-Library Material Use Per Capita** relates the number of materials used in the library to the population of the community served. Use of this measure creates a more complete picture of services to the public than using circulation information alone.

### **FACTORS THAT INFLUENCE THIS MEASURE:**

- + Increase or decrease in the number of reference questions
- + Increase or decrease in seating and study space
- + Number and arrangement of hours of service
- + Library acquisitions and collection development policies
- + Physical arrangement of the library facility

### **INTERPRETATION AND USE:**

**In-Library Material Use** is one measure of the community's use of the library. A high score on this measure may be associated with a high reference use and may indicate that users tend to spend time in the library using non-circulating materials. A low score on this may indicate a library where people stop to pick up materials to take home and do not stay long.

### **RELATES TO THE FOLLOWING BASIC SERVICE ROLES:**

Formal Education Support Center  
Independent Learning Center  
Reference Library  
Research Center

## **IN-LIBRARY MATERIALS USE PER CAPITA**

	<b>FY 94</b>	<b>FY 95</b>	<b>FY 96</b>	<b>FY 97</b>
<b>High</b>	9.28	9.59	10.01	15.61
<b>3rd Quartile</b>	1.72	2.00	2.56	2.65
<b>Median</b>	0.71	0.86	0.97	1.07
<b>1st Quartile</b>	0.27	0.38	0.40	0.46
<b>Low</b>	0.05	0.06	0.06	0.06
<b>SC Average</b>	1.96	2.13	2.34	3.44

## LIBRARY VISITS PER CAPITA

**Library Visits Per Capita** relates the number of people visiting the library to the population of the community served. It can be thought of as representing the average number of times a member of the community visits the library. **Library Visits Per Capita** is calculated by dividing the number of library visitors during the year by the population of the service area.

### FACTORS THAT INFLUENCE THIS MEASURE:

- + Library hours of service
- + Community awareness of library service
- + Availability of library parking
- + Special library programming
- + Library acquisition and collection development policies
- + Convenience of location of library facilities

### INTERPRETATION AND USE:

**Library Visits Per Capita** is often closely related to circulation, in-library use of material, and program attendance.

### RELATES TO THE FOLLOWING BASIC SERVICE ROLES:

Community Activities Center  
Community Information Center  
Preschooler's Door to Learning

## LIBRARY VISITS PER CAPITA

	FY 94	FY 95	FY 96	FY 97
High	6.78	6.44	6.75	6.85
3rd Quartile	2.33	2.72	2.57	3.62
Median	1.90	2.03	2.05	2.07
1st Quartile	1.48	1.61	1.74	1.63
Low	0.16	1.11	0.48	0.47
SC Average	2.95	3.06	2.75	2.93
National Average (1)	4.06	4.10		

(1) Data from Public Libraries in the United States. National Center for Education. U.S. Department of Education.

## **PROGRAM ATTENDANCE PER CAPITA**

**Program Attendance Per Capita** relates the annual number of people attending programs to the population of the community served. It is calculated by dividing the number of people in the audience at all programs held during the entire year by the population of the service area.

### **FACTORS THAT INFLUENCE THIS MEASURE:**

- + Number and type of programs offered
- + Community awareness of library service
- + Involvement of community members in program planning
- + Physical arrangement and convenience of library facilities

### **INTERPRETATION AND USE:**

**Program Attendance Per Capita** measures use of library services not reflected by other measures. Some libraries rely heavily on programming to attract certain user groups.

### **RELATES TO THE FOLLOWING BASIC SERVICE ROLES:**

Community Activities Center  
Community Information Center  
Preschooler's Door to Learning

## **PROGRAM ATTENDANCE PER CAPITA**

	<b>FY 94</b>	<b>FY 95</b>	<b>FY 96</b>	<b>FY 97</b>
<b>High</b>	0.39	0.44	0.50	0.57
<b>3rd Quartile</b>	0.21	0.19	0.24	0.21
<b>Median</b>	0.13	0.14	0.16	0.14
<b>2nd Quartile</b>	0.10	0.08	0.09	0.10
<b>Low</b>	0.04	0.02	0.03	0.03
<b>SC Average</b>	0.16	0.15	0.17	0.16

## REFERENCE TRANSACTIONS PER CAPITA

**Reference Transactions Per Capita** relates the number of information contacts (a staff member uses information sources) to the population of the community served. This measure indicates the average number of times someone seeks library staff assistance in using library information sources.

### FACTORS THAT INFLUENCE THIS MEASURE:

- + Community awareness of library services
- + Physical arrangement and convenience of the library facilities
- + Training and scheduling of library staff
- + Age, condition and breadth of the library's collection
- + Library hours of service
- + Library acquisition and collection development policies

### INTERPRETATION AND USE:

This measure relates strongly to the goals each library has set for meeting the service needs of its community. A low **Reference Transactions Per Capita** with a high **Circulation Per Capita** may indicate a library used mostly for borrowing materials. A low **Reference Transaction Per Capita** with a low **Circulation Per Capita** may mean a low level of overall library use by the community. A high **Reference Transactions Per Capita** and a low **Library Visits Per Capita** may mean that a large proportion of library users are asking reference questions.

### RELATES TO THE FOLLOWING BASIC SERVICE ROLES:

Community Information Center  
Reference Library

## REFERENCE TRANSACTIONS PER CAPITA

	FY 94	FY 95	FY 96	FY 97
High	4.33	4.37	4.30	4.55
3rd Quartile	0.47	0.57	0.59	0.71
Median	0.33	0.34	0.35	0.37
1st Quartile	0.18	0.19	0.22	0.22
Low	0.03	0.03	0.03	0.03
SC Average	1.20	1.13	1.12	1.28
National Average (1)	1.10	1.10		

(1) Data from Public Libraries in the United States. National Center for Education. U.S. Department of Education.

## REGISTRATION PER CAPITA

**Registration Per Capita** relates the number of persons registered as borrowers to the population of the community served. **Registration Per Capita** is calculated by dividing the number of registered borrowers by the total population of the library's legal service area. An accurate count of registered borrowers should be maintained by removing inactive borrowers from the registered borrowers count. A registered borrower count is considered invalid if this has not been done in the last three years.

### FACTORS THAT INFLUENCE THIS MEASURE:

- + Convenience and location of library facilities
- + Community awareness of library services
- + Library acquisition and collection development policies
- + Library hours of service
- + Accuracy of registered borrower count

### INTERPRETATION AND USE:

**Registration Per Capita** indicates the percentage of the library's potential users who have demonstrated an intent to borrow materials from the library by registering for a card. If the library has not updated its registration figures within the last 3 years this measure is of questionable value.

### RELATES TO THE FOLLOWING BASIC SERVICE ROLES:

Popular Materials Library

## REGISTERED USERS PER CAPITA

	FY 94	FY 95	FY 96	FY 97
High	0.72	0.79	0.86	1.06
3rd Quartile	0.35	0.43	0.45	0.50
Median	0.34	0.34	0.37	0.40
1st Quartile	0.41	0.27	0.29	0.28
Low	0.25	0.08	0.13	0.12
SC Average	0.43	0.44	0.47	0.48

## TURNOVER RATE

**Turnover Rate** measures the activity of a library's collection, indicating the number of times each unit of library material would have circulated during the year if circulation had been spread evenly throughout the collection. It is calculated by dividing the library's total annual circulation by total library holdings (book and audio-visual).

### FACTORS THAT INFLUENCE THIS MEASURE:

- + Circulation policies - loan period, fines
- + Library acquisitions and collection development policies
- + Special programs - prizes, reading programs, etc.
- + Community awareness of library service
- + Library hours of service
- + Number of library users
- + Age, condition and breadth of the library's collection
- + Physical arrangement and convenience of the library facilities

### INTERPRETATION AND USE:

This measure relates strongly to the goals each library has set for meeting the service needs of its community. A library which emphasizes the circulation of popular reading materials will have a higher **Turnover Rate** than a library which emphasizes subject breadth in its collection and has an extensive reference collection.

### RELATES TO THE FOLLOWING BASIC SERVICE ROLES:
